SUPPLEMENT TO  
REPORT NO. 25X1

As of late October 1951, the dressing plant Object 101 of the Wismut A.G., was in the northwestern part of Crossen (N 51/K 35) in the former Leonhard paper mill. The paper mill was reconstructed and expanded for this purpose. At the time of observation, the single-track industrial railroad line was being expanded into a double-track line.
